

My Sustainable Development Goals Action Plan

Below is my infographic-style action plan focusing on my top three chosen Sustainable Development Goals (SDGs):

SDG 13: Climate Action

- Reduce personal carbon footprint by practicing energy conservation.
- Participate in local environmental clean-up drives.
- Promote factual climate information to combat misinformation.

SDG 12: Responsible Consumption and Production

- Practice waste segregation and recycling at home.
- Support eco-friendly brands and reduce single-use plastics.
- Encourage family and peers to adopt sustainable habits.

SDG 4: Quality Education

- Share verified educational resources with classmates and friends.
- Attend workshops/webinars to broaden knowledge in sustainability.
- Volunteer in school activities promoting learning and awareness.
