November 15, 2025

Dear Sir Ian,

We sincerely apologize for our failure to obtain a capstone defense schedule ahead of time. Due to several unforeseen events affecting our progress, including delays in approval during the early weeks of the term, class suspensions from October 13-31, 2025

Additionally, the rise in flu cases during this period affected our group members, further hindering our progress. When face-to-face classes resumed, we began coordinating with our panel members to finalize a defense schedule on November 6 and came up with a schedule in November 14, 2025. We planned to finalize this by November 10 as to further revise the manuscript for the final draft. However, communication was again hindered by the super typhoon on November 10-11, 2025. Unfortunately, this submission could not be accepted because it fell within the three-day rule prior to the scheduled presentation date of November 14, 2025.

Despite these challenges, we made every effort to secure an alternate defense schedule. However, we were later informed that one of our panel members, Sir Leonel de Mesa, will be unavailable from November 17–22, 2025, and our adviser, Sir Ilao, will also be unavailable during the same period due to an official trip to Thailand. Because of these circumstances, our group is unable to present between November 17–22, 2025.

With this, we respectfully request that our capstone defense be rescheduled to **November 25, 2025**. We sincerely apologize for the inconvenience and assure you that we will take greater initiative moving forward to avoid similar issues.

Respectfully yours
